Movement to the next step on the OEA-AAA schedule shall be based on two years of satisfactory service within the OSD at the same level. Any employee who takes a leave of absence from their position may return to the same step on the OEA-AAA salary schedule as previously placed.

It is further agreed that although split stipends are discouraged, if a decision is made to split a stipend, and it is approved by the Human Resources Department, each portion of the stipend will be paid at the level of experience of the individual participant. For example: If a coach at step 12 is splitting a stipend with a new coach who would normally be at step 1, the experienced coach would be compensated at half of the step 12 stipend, and new coach would be compensated at half of step 1.

Section 5 Payment Method

Regular part-time employees covered by this Agreement shall be paid by direct deposit. Payment for coaches/activity directors will be paid on the following schedule:

High School	
Fall	September-November
Winter	December-February
Spring	March-May
Middle School	
Fall	September-October
Winter 1	November-December
Winter 2	February-March
Spring	April-May

Should an employee have his or her position dropped during the season because of lack of student participants, he or she will be paid at their per diem rate for their time worked. If they have received over payment they shall reimbursement the District for the difference.

All compensation owed to an employee who is leaving the District shall, upon written request, be paid within the next full payroll cycle after the final day of work.

Section 6 Duration of Basic Position Performance

The Association and the District affirm that the salary amounts and percentages in Appendix B, reflect the contractual payment to stipend holders for delivery of the basic job performance expected e.g. field a team, produce a play, supervise bus loading, conduct debates. At such time additional work is performed the District will provide additional remuneration in accordance with Article VI Section 7.

Section 7 Expanded Work Time Remuneration

With the goal of a fair and equitable approach to reimbursement for “Expanded Work Time” the parties agreed to a two tier reimbursement schedule

- A. The starting point for the calculation of “Expanded Work Time” impacting WIAA sports will be the first day after all qualifying competitions for WIAA district or state championship play has concluded such as league championships, non-qualifying meets, crossover games, sub-district competitions. The Association and District will establish a sport’s seasonal schedule at the beginning of each season.
- B. Any stipend holder having program participants qualifying for WIAA District championships shall receive per diem rate for the additional days worked. For the purposes of “Expanded Work Time” the compensation shall be calculated by dividing the stipend holder’s contractual salary by the number of days identified between the first day of official practice and the 1st day of practice prior to the District Tournament.

In no event shall any payment exceed 30% of the initial contract amount for the individual submitting the request for payment and in no case shall extended season pay be for more than 21 days.

- C. The parties further recognize that activity directors also supervise activities which have “Expanded Work Time” expectations. The “Expanded Work Time” calculations will be when participants qualify individuals or teams for statewide competition or where the program(s) they support moves into WIAA District or State competition. Daily per diem rate will be paid for time spent at District or State competitions to a maximum of 30%.

The following calculation method will be utilized to determine the per diem rate for the following:

- A. The Drill and Cheer stipend will be divided by the number of days in the sport that goes into extended season. This calculation will determine the extended season stipend.

*Example:
Stipend divided by number of days in sports season
Basketball goes to playoffs. Basketball is a 57 day season
2969.00 div by 57=52.09*

Extended season stipend would equal \$52.09 per day.

- B. The Drama stipend of 7% per year will be divided by number of days in the competition season. This calculation will determine the extended season stipend.

*Example
7% div by 36 day competition season
Extended season stipend would equal \$XX per day.*

- C. The Debate stipend of 17% per year will be divided by number of days in the competition season. This calculation will determine the extended season stipend.

*Example 17% stipend= \$6309.00
 6309.00 div by 51 day competition season
 Extended season stipend would equal \$123.71 per day with a cap
 consistent with contract language*

- D. Knowledge Bowl stipend of 8% per year will be divided by the number of days in the competition season. This calculation will determine the extended season stipend.

“Expanded Work Time” will be paid to coaches when they work the post season. The maximum number of stipends that shall be paid are as follows:

Baseball	2	Soccer	2
Basketball	2	Swimming	2
Debate	2	Cheer	2
Drama	2	Drill	2
Fastpitch	2	Tennis	2
Football	5	Volleyball	2
Golf	2*	Wrestling	2
Gymnastics	2	Cross Country	2
Knowledge Bowl	2	Bowling	2
Track	2 (with no specialty coaches for individual events/athletes unless required by regulation of WIAA.)		

A split venue shall be defined as a competition in which students are located in 2 completely different physical locations or on different campuses. Students competing in the same building or physical location shall not be considered a split venue. The intent is that coaches need to be reasonably close in proximity and accessible. Should a venue discrepancy arise due to a unique situation, the OEAAA President and OSD designee will make the final decision.

No coach/activity leader shall be paid for expanded work time and a subsequent activity/sport stipend unless the expanded pay is not for the same time periods e.g. Asst. Football Coach in post season who is also a paid Basketball coach and the practices are at different times. Employees who substitute for coaches who are participating in an expanded work activity will receive their per diem rate. At no time shall a substitute and a regular coach or assistant coach be compensated for the same duties at the same time.

Section 8 Washington State Paid Family and Medical Leave

Washington State Paid Family and Medical Leave (PFML). Commencing January 1, 2020, employees shall be eligible to receive Paid Family and Medical Leave (PFML) under the Washington State Family and Medical Leave and Insurance Act. To be eligible for this leave, employees must have worked a minimum of 820 hours within the past calendar year. Such leave shall be used consecutively with the employee’s other leave entitlements unless the employee elects otherwise. The District shall pay 50% of the premium.

Section 9 Mileage Reimbursement

An employee whose work assignment requires that the employee travel shall be paid mileage at the current IRS rate when the employee drives his/her own vehicle. In order for a member to receive reimbursement, a district

travel request form must be completed and approved prior to travel and a completed, approved and signed District Travel Expense Voucher must be submitted to the District Business Office within 30 days of the travel.

In the event the District furnishes a District-owned vehicle and gasoline, the employee shall not receive a mileage payment.

Section 10 Volunteer Clearance

- A. The Head Coach and program supervisor shall determine what is a reasonable number of volunteers for each sport. Designated volunteers will undergo a district background check annually.
- B. No volunteer may be assigned duties as a head coach of any level team and must act as an assistant coach under the on-site direct supervision of the paid coach. At no time may a volunteer be the sole coach in charge of any practice, pre-game preparation, or competition for a team or individual participant.
- C. Volunteers may not be assigned as the sole chaperone for transportation or overnight lodging.
